## 2003 LIBRARIAN'S REPORT

The Trustee's and I want to thank everyone for their contributions to the library this past year whether in donated time, books or video's.

Another exciting year, our summer reading program was very successful, Brenda Dyer did good job. The children that participated enjoyed it very much.

This spring and summer, Paula Sweatt did a very good job with the children's story hour that was held every Thursday. Paula read a story and had crafts suited to the children's age. The little ones enjoyed it.

This fall, Paula Sweatt took over the story hour with stories and crafts. The children enjoyed it and had fun.

We are cataloging the books on the computer, to make it easier to find what we have.

We have a new Vista member, Maggie Mann who is here to help you four days a week, and other times by appointment.

Stacey Ruel has done a good job the last two years helping as an assistant librarian.

Helen Donato got us a grant from the Libri Foundation for childrens books, we have lots of books now for the young child.

Thank you Carol for all the shoveling that you do to help keep the library steps and ramp safe for our patrons.

Thank you Jim Grant (our computer Tech) who does such a good job keeping the computers up and running.

The clock is still running thanks to John McEwan, he keeps it wound about every three weeks.

Respectively submitted,

Anne Bragg, Librarian

## TRANSMITTAL AND COMMENTARY LETTER

To the Board of Selectmen,  
Errol, New Hampshire:

In planning and performing our audit of the financial statements of the Town of Errol, New Hampshire for the year ended December 31, 2002, we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance of the internal control structure.

However, during our audit we became aware of the following conditions that should be considered in order to strengthen internal controls and operating efficiency. This letter does not affect our report dated July 24, 2003 on the Town's financial statements. These remarks are being made in the hope that they will improve existing procedures and are not intended to criticize Town personnel.

### *1. Annual Information Returns on Form 1099*

The Internal Revenue Service requires that any entity that pays \$600 or more to a non-corporate service provider during any year prepare an information return on form 1099-MISC to report those amounts paid. The Town did not comply with this requirement in 2002.

#### *Recommendation*

The Town should ask any individual, partnership, or LLC that provides services to the Town to complete a form W-9 for the Town's files. Form W-9 is a request for the name, address, and Social Security number or employer ID number.

At yearend, the Town then should compile amounts paid to such service providers and prepare form 1099-MISC for each that equals or exceeds \$600.

### *2. Tax Anticipation Borrowing and Available Excess Funds*

Early in 2003, the Town borrowed \$75,000 under a tax anticipation note to cover an impending temporary shortage of funds.

#### *Recommendation*

The Town has approximately \$130,000 of funds available in its investment account with New Hampshire Public Deposit Investment Pool. In the future, the Selectmen should consider whether it would be preferable to use such excess funds prior to borrowing.

Board of Selectmen  
Town of Errol

### *3. Trust Fund Investment Vehicles*

All of the Town's trust funds and capital reserve funds are invested in savings accounts, which earned about 1% in 2002.

#### *Recommendation*

Although interest rates are at historic lows, it is likely that the Trustees of Trust Funds could achieve higher rates of return by investing in certificates of deposit. We recommend that they investigate changing from savings accounts to CDs or a similar, higher-yielding investment vehicle.

### *4. Uninsured Funds*

Counting all of the Town's bank accounts, including the library and trust funds, the Town had in excess of \$200,000 of funds that were not insured by FDIC at yearend. This amount may also reach higher levels at certain times during the year.

#### *Recommendation*

We recommend that the Town ask its bank for a collateralization agreement under which the bank would provide collateral – in the form of Treasury securities – to protect uninsured funds in the unlikely event of bank failure.

We appreciate the warm welcome and helpfulness extended us by the Town's administrative staff during the audit, and thank the Town for the opportunity to be of service.

Very truly yours,

*Francis J. Dineen & Co.*

ERROL RESCUE SQUAD  
127 MAIN STREET  
ERROL, N.H. 03579

The Errol Rescue Squad answered a total of 38 requests for aid resulting in emergency transport last year, which included both medical illnesses and traumatic injuries. There were also numerous "no transport" calls which include verifying non-injury at accident scenes and patients who request basic support without transport to a hospital. As usual, we also provided blood pressure monitoring and other follow-up care such as bandaging changes when requested.

Our ambulance vehicle continues to faithfully serve us without problem, and we would like to extend our continued appreciation to the Errol Fire Department for supplying drivers.

We welcomed the services of several college students over the summer who are studying fields related to emergency medicine. If anyone of any age over 18 is interested in an EMT course, please let one of us know and we will be happy to provide you with the information. Anyone over the age of 16 is welcome to enroll in a NH First Responder course instead.

Once again, we would like to thank the Selectmen and residents of our area for their continued support in our efforts to provide emergency medical care.

## Message from the Selectmen's Office

The past year 2003 was a very busy year. The Selectmen wrapped up the Disaster Recovery Project Grant, which was to purchase property in Braggs Bay and Route 16. The property was in a flood zone. The Selectmen purchased the land and buildings and had a contractor tear down the buildings and spruce up the land. This was voluntary for the owners. Some sold their property to the town and some did not.

The Selectmen hired an assessing firm in 2003 to do the state mandated assessing of all the properties in Errol. This firm has until 2005 to complete the assessing.

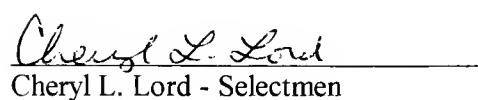

The 5000 acres that the Selectmen are in favor of purchasing for the Town is about 80% completed. The Selectmen will have a public meeting when it is completed. This will become a town forest. It will be open for snowmobiling, hunting, and hiking and will be able to be cut for timber. The money we can get for selling timber will help pay the town's portion of the mortgage.

The Recreation Program Committee got all the permits necessary to put the boat ramp in at Akers Pond. They received a grant to pay for part of the ramp and a handicapped dock. They will be putting the ramp in place in the spring of 2004. The Selectmen wish to thank Susan Dupuis and Helen Donato for all their hard work in completing this project and also the Tennis Court.

Last summer our Moderator passed away. Denis Dupuis had been the Moderator for two years. Denis was a good friend to all the townspeople and will be sorely missed.

This past January 30, 2004 Fran Coffin our Selectman had an automobile accident and passed away. He was a wonderful friend and was a very knowledgeable select person. He spent many hours doing the Selectmen duties. Fran will be truly missed.

Francis Coffin explained the \$30,000.00 needed for Revaluation was necessary for the Town to be certified by the year 2005. The total cost will be \$60,000, but the Selectmen felt it would be better to break the cost up in two years.

Susan Dupuis asked about the increase in Town Hall expenditures. Fran explained that there will most probably be work that will need to be done to the outside of the Town Hall soon. The Selectmen are anticipating the expenditures in case they are needed.

There being no further discussion, a voice vote was held and was in the affirmative. Article II was declared passed.

Selectman Francis Coffin explained some of the line items. Susan Dupuis asked about the increase in Solid Waste Disposal. Francis explained that work had to be done at the Transfer Station and Clara Grover commented that there are more people moving and buying houses. Therefore more trash is generated and increases the cost.

There being no further discussion, a voice vote was held and was in the affirmative. Article V was declared passed.

Moderator, Dennis Dupuis then took a moment to recognize the good work that Tadd Drumm does in planting and caring for the flowers around the Town in the summertime. He also wanted to recognize Alex Grover for his good work at the Transfer Station. Both gentlemen received a round of applause.

## **ARTICLE VIII**

To see if the Town will raise and appropriate \$14,486.00 for the Library Trustees.

the Article as read.

Sharon Miller expressed concerns about the library being used more often to give classes to the townspeople on using the computers. She wondered if grants were being sought out for that purpose. David Heasley, answered that the Library Trustees were indeed looking into grants for just this purpose.

There being no further discussion, a voice vote was held and was in the affirmative. Article VIII was declared passed.

## **ARTICLE IX**

To see if the Town will vote to raise and appropriate \$6,000.00 for the support of the Errol Rescue Squad, Inc.

(Recommended by the Board of Selectmen)

A motion was made by Francis Coffin and seconded by Gloria Coffin to accept the Article as read. There being no discussion, a voice vote was held and was in the affirmative. Article IX was declared passed.

## **ARTICLE X**

To see if the Town will adopt the appropriate floodplain management measures put forth by the Federal Emergency Management Agency. A Flood Insurance Study and Flood Insurance Rate Map to become effective on April 16, 2003 with the Regional Office approving what our community adopts in accordance with Section 44 CFR60.3(c).

A motion was made by Larry Enman and seconded by Gloria Coffin to accept the Article as read.

Francis Coffin explained that this article is an amendment to a previous plan concerning Akers Pond dwellings. Larry Enman stated that it is the Government Agency that draws the maps and that the Selectmen cannot tell people if they are in or out of the floodplain. An individual must hire a surveyor to shoot a line at their own expense.

Sharon Miller asked if the maps get up-dated when a surveyor shoots a line.

Francis Coffin said they do, but it takes a few years before the Town receives any changes in the maps.

Since there was no further discussion, a voice vote was held and was in the affirmative. Article X was declared passed.

## **ARTICLE XI**

To see if the Town will call on our elected officials from all levels of government to ensure that everyone, including the self-employed, unemployed, un-and underinsured, and small business owners, has access to affordable basic health plan similar to what federal employees receive; everyone, including employers, consumers and the state, local and federal government, makes a responsible and fair contribution to finance the health care system; everyone receives high quality care that is cost efficient and medically effective; and that these efforts help control the skyrocketing cost of health care.

A motion was made by Larry Enman and seconded by Carolyn Labrecque to accept

the Article as read.

There was some concern expressed that if this Article was accepted, the Town might be liable for some of the costs incurred in insuring individuals. There being no further discussion, a show of hands was taken resulting in 9 ayes and 12 nos. Article XI was declared defeated. .

## **ARTICLE XII**

To see if the Town will vote to send the following resolution to the New Hampshire General Court: Resolved, in its first two years of operation, the Land and Community Heritage Investment Program (LCHIP) has helped communities throughout New Hampshire preserve their natural, cultural and historic resources and, therefore, the State of New Hampshire should maintain funding for LCHIP in its next biennial budget.

A motion was made by Francis Coffin and seconded by Wanda Garrow to accept the Article as read.

Francis Coffin explained that the Town had just received \$350,000 from LCHIP to buy the property that lies along both sides of Route 16 just south of the center of town. This Article supports the concept of LCHIP.

Donald Bouchard wanted to know if LCHIP would then be able to dictate rules and regulations on how that funding would be spent. Francis Coffin replied that the money could be used by the Town as they wished, for the purchase of this land.

There being no further discussion, a voice vote was held and was in the affirmative. Article XII was declared passed.

## **ARTICLE XIII**

To see if the Town will vote to appropriate \$9,948.00 to install a boat ramp, dock and parking area on town land at Akers Pond. Said funds to come from surplus representing boat registration fees from 1998 through 2002.

(Submitted by the Recreation Committee)

A motion was made by Susan Dupuis and seconded by Donald Bouchard to accept the Article as read.

Susan Dupuis explained that there is a matching grant that will be available in August of this year. The boat ramp will therefore most probably be constructed in the fall. Sharon Miller asked if there were provisions being made to keep the children who swim in that area, safe. Susan Dupuis replied that there will be booms in place for the children's safety.

Terri Ruel asked if the State regulated the size of motors being used in Akers Pond. Dennis Dupuis stated that Akers Pond is a state pond, therefore that could possibly happen in the future.

After more lengthy discussion, Francis Coffin made a motion to end the discussion. The motion was seconded by Gloria Coffin. A voice vote was held and was in the affirmative.

A voice vote was held on Article XIII, and was in the affirmative. Article XIII was declared passed.

## ARTICLE XIV

To vote to allow the Umbagog Area Heritage Committee a year-to-year lease to use Town property at no cost, between the Errol Town Hall and Eames Garage to place a restored Town Jail upon. This lease would renew automatically, unless the Town requested the Chamber to move the building to another location.

(By petition)

A motion was made by Wanda Garrow and seconded by Debra Freedman to accept the Article as read.

Clifford Lane made a short presentation explaining that the jailhouse is a part of Errol history and should therefore be preserved. The Town is changing and tourism is becoming an important part of our economy. We should take the opportunity to preserve what we have now, before it is lost. People are willing to help at no cost to taxpayers.

Francis Coffin asked if the buiding would be painted and remodeled before it was moved to Town land. Debra Freedman replied that the Heritage Committee was trying to get grants to do what work would be necessary. She went on to explain that this warrant article was just to allow the Historical Society, which is already formed, to move the building from its present site to Town land.

Cheryl Lord made a motion which was seconded by Francis Coffin to hold a paper ballot. A show of hands was held on this motion and resulted in 8 ayes and 18 nos. The motion to have a written ballot was declared defeated.

There being no further discussion, a voice vote was held on Article XIV and was in the affirmative. Article XIV was declared passed.

## ARTICLE XV

To bring any other business before this meeting.

Gloria Coffin asked is it would be possible to increase stipends paid to ballot clerks and Supervisors of the Checklist who sit for elections. The moderator, Dennis Dupuis, stated that money issues could not be raised at this time. Warrant Articles already in. This issue could be brought before the School Board Members and the Town Selectmen.

Sharon Miller asked if the Selectmen felt it had been beneficial to have Town Meeting on Saturday. In response, Francis Coffin said that next year the Town Meeting would be held in conjunction with the School Meeting, in the hopes of encouraging more public participation.

Ralph Sweatt asked if crosswalks could be painted in different areas of the Town for safety reasons. Francis Coffin said that this issue had been looked into before with the DOT. It should be addressed again.

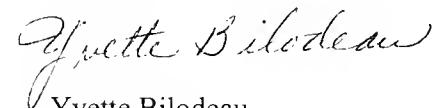

Paul Anctil asked if the Recreation Committee could look into other activities at the school playground. Maybe roller blading could be permitted. Susan Dupuis explained that the Committee had been told that roller blades would cause the pavement to wear out faster and that was why roller blading was not allowed at the present time.

Robert Lord suggested that the Town procure a picture of Ella Eames and have it framed and hung in the Gym since Mrs. Eames had been an enthusiastic supporter of sports in the town.

There being no further business, a motion to adjourn was made by Francis Coffin

and seconded by Gloria Coffin. A voice vote was held and was in the affirmative.  
The meeting adjourned at 11:35a.m.

Respectfully submitted,

Yvette Bilodeau  
Town Clerk

**Errol School District  
2004-2005 School Year**

The NH State Legislature is still in debate when grappling with how to fairly administer the State Adequacy Grant. The Town of Errol has been a "Donor Community" for quite some time now. In other words, Errol is responsible for a set amount of money to pay for education.

The School Board and your community have shown support for the Errol Consolidated School. Thank you! The the students are the winners - YOU should be proud! The students of today become the adults of tomorrow and inevitably our leaders and care givers.

As you can see, monetarily the community benefits from providing a school in the community. The Tuition revenue continues to increase as we open our doors to the neighboring communities.

## *From the Office of the Superintendent*

To the Citizens of Gorham,

I would like to begin by thanking all of you for giving me the opportunity to work with your school district. My job as Interim Superintendent has been both the most demanding and rewarding job I have ever held. In the short time that I have been here, we have been faced with a number of challenging issues. Working with your very dedicated School Board, we have managed to successfully face these challenges and solve problems in creative and resourceful ways.

During this period of transition, I have tried to restore a positive working relationship between Town Hall and the School Department. I was welcomed warmly by Town Manager Bill Jackson, the Selectmen, and the Town Hall staff. We have worked together to share resources, collaborate in planning, and work together to solve problems that have affected either department. Working with Bill and his staff, I believe we are now operating as one town, trying to do the best we can for all of our citizens.

This new spirit of cooperation was very evident in addressing the structural deficiencies of the Middle/Senior High School roofs. After investigating the extent of the problem, the School Board acted quickly and efficiently to correct the problems. With the cooperation of the Town Manager, Selectmen, and Budget Committee, the necessary funds were made available and repairs began in early December. They were completed by January 5<sup>th</sup> of this year. In a span of approximately 90 days, the School Board determined the extent of the problem, developed a plan, obtained funding, and fixed the problem. Certainly a remarkable accomplishment.

Work has also begun on the development and refinement of K – 12 curricula. A consultant has been working with the principals and curriculum coordinators system-wide since November. They have been analyzing our current curricula, comparing them to the State Frameworks, and aligning skills and concepts by grade level. When the project is completed, we will have well developed curricula, clearly articulated from one grade to the next, with common expectations for the students at each grade level.

In this year's proposed budget and warrant articles, you will see some requests to enhance our educational program, as well as plan for the future. With the addition of a 9<sup>th</sup> grade Math/Science teacher, we will have the opportunity to make our first AP offering in Biology. We also seek your support for a new three year Teachers' Contract. This contract is a credit to the teaching staff, who recognize the Town's difficulties with the escalating costs of health insurance, and have agreed to increase their individual contributions. Finally, you will see an article that seeks to purchase two pieces of property adjacent to the Middle/High School. With the addition of this land, future decisions regarding a new or renovated school at the Main Street site will have the added advantage of more property to work with.

The children of Gorham are fortunate to have such a committed and professional group of administrators, teachers, and staff working with them. The quality of their educational experience shows not only on State tests, but in the plays, concerts, and athletic teams that add so much to the Gorham educational experience. The quality of their work and performances is a true reflection of a staff dedicated to their students.

I have thoroughly enjoyed my time here in "God's Country", and thank all of those who have welcomed me so warmly into your community. The town of Gorham is a wonderful place to live and work.

Thank you for welcoming me to your community.

To the Citizens of Errol,

The staff at the Errol Consolidated School works as a team to ensure that a solid curriculum, quality resources and materials and effective instructional strategies are in place to promote positive personal and academic growth for the children. We foster positive self esteem, high expectations for learning and citizenship and confidence in learning. This is done with a variety of academic and non academic activities. These activities include:

Student Council	Jump Rope for Heart
Builders Club	Great American Mail Race
Trivia Club	Writing and Art Contests
Lego Camp	“Book It” Reading program
Union Leader Spelling Bee	Science Fair
Union Leader Stock Market Game	Essay Contests
Visits from authors/artists/historians	Field Trips

After school tutoring as well as our summer school program provide additional instruction and support to our students. Our “buddy” program teams a student from the middle school classroom with one from the elementary classroom for a series of reading and writing activities. Our students also participate in volleyball, tennis, ski and snowboarding and many other activities. Current enrollment stands at 23 students. Three students will graduate this year and we expect at least four students to enroll in the Kindergarten program for the fall.

We are committed to providing the best education possible to our students. To do so, we continue to use many different strategies and materials so that we can meet the needs and learning styles of each of our students. We track progress through report cards, portfolios and ongoing assessment as well as standardized tests. Test results as well as overall improvement in grades show that our students are making steady progress.

Staff continues to take advantage of professional development opportunities through courses and workshops. Last summer, staff members attended workshops and conferences on curriculum development, reading, technology, working with students in middle school and kindergarten and behavior management.

The Errol School Association worked tirelessly last year to raise funds for and purchase new playground equipment. The existing equipment was also repainted and

new gravel installed. Thanks to the parents, staff and community members that supported this effort and to everyone who spent the day mixing cement, hauling supplies and doing whatever was necessary to install and renovate the playground. It is a beautiful playground that is well used and greatly appreciated! With the installation of new locks and a security system, installing a new ladder to the attic and repainting the interior of the building, it was a very busy summer.

Once again, I would like to thank the Errol School Board, the Errol School Association, the parents, our many volunteers and the citizens of Errol for their continued support and commitment to the Errol Consolidated School.

Respectfully submitted,

Kathleen A. Urso  
Principal

Susan Dupuis asked (Page 17) Dummer, Randolph and Shelburn school distribution is non tuition students? Why is Errol 36 and not 22 (actual number of students)? ## INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of the School Board  
And Superintendent of Schools  
Errol School District  
Errol, New Hampshire

In planning and performing our audit of the Errol School District for the years ended June 30, 2003, we considered the District's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the District's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

- We are pleased to report that, during the course of our review of internal controls, no material weaknesses in the District's accounting systems and records were identified. Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or record keeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork. Areas of opportunity for further consideration include:
  - Continued preparation for the implementation of GASB 34 reporting changes
  - Regardless of students involved or the type of activity, any school-sponsored student activity transactions should be fully documented and properly controlled according to school policy and procedures of the School District's accounting system.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.
